**A SECRET  
FOR MANY  
SUCCESSFUL YEARS**

**that we would like  
to share  
with you. . . . .**

Whether you are the President of a Large Corporation, the Owner of a One Man Business, or an Employee who wants to GET AHEAD, the Application of the Formula explained herein will mean a Richer and a Fuller Life for you.

There's one  
sure-fire stimulant  
to our economy that can be  
applied immediately  
and without legislation.

It's an old-fashioned remedy  
that no economist can argue with.

It's spelled  
w-o-r-k!

Instead of balm from  
Washington  
how about this:

If you usually visit  
ten customers a day,  
visit twelve.

If you ordinarily make  
two new business contacts  
a day, make four.

And how about working  
right through lunch hour  
a couple of times a week  
with a sandwich at the desk!

No matter what your job,  
if you get cracking  
and do *more and better* work,  
you can help make each year  
better and more  
satisfying.

As any schoolboy coming out of a  
doctor's office knows -  
*a shot in the arm  
begins with a rolled-up sleeve!*

A decorative border of small flowers and leaves surrounds the central text.

## **I AM**

I sit in the castles of business and at the hearthstones of many homes, mighty in my power to serve.

Through me is the power to make people talk with intelligence concerning their communities.

With extended hand I guide the wearied traveler, and to others shorten the distances between destinations.

In me abides the essence of democracy, as side by side is found all nationalities, rich and poor alike.

With uncanny certainty I unite long-lost friends and make glad the missing heirs.

Through me are protected the law-abiding by tracing the criminal to his hiding place.

Through me, in the friendliest way, new trade channels are opened.

I am the key that unlocks the gate to what your community is, for all who would pass its portals.
